RULING ON ENTITLEMENT¹

On August 24, 2023, Leora Chasen filed a petition for compensation under the National Vaccine Injury Compensation Program, 42 U.S.C. §300aa-10, *et seq.*² (the “Vaccine Act”). Petitioner alleges that she suffered a Table shoulder injury related to vaccine administration (“SIRVA”) after receiving an influenza (“flu”) vaccination on December 6, 2021. Petition at 1. Petitioner further alleges that she had no history of pain, inflammation, or dysfunction of her left shoulder prior to vaccination; pain occurred within forty-eight hours after her receipt of the flu vaccine; and that she suffered the residual effects of her condition for more than six months. Petition at ¶¶ 52-60. The case was assigned to the Special Processing Unit of the Office of Special Masters.

On July 30, 2024, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent has concluded, upon review, that Petitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table and that, based on the record as it now stands, Petitioner has satisfied all legal prerequisites for compensation under the Act. *Id.* at 5-6.

In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.

IT IS SO ORDERED.
